Section 1 – GENERAL INFORMATION

Principal's welcome

For over 50 years we have provided young people with diverse experiences in a caring learning community. The passion of our staff in supporting students to chase their dreams is what sets us apart. Set on beautiful grounds, Patterson River is adjacent to the Kananook Creek and Seaford Wetlands and within walking distance to the beach and a range of local sporting fields. The College has numerous partnerships with local community groups, seeing itself as an important hub of the local community.

Patterson River prides itself on recruiting high performing staff who match the values of the school: Persistence, Excellence, Community and Respect; along with providing staff with excellent ongoing professional development and training. In recent times, the College has seen these efforts reap rewards through significant improvement in NAPLAN and Student Attitudes to School Survey results.

We offer students a diverse range of co-curricular activities in modern facilities, with the recent additions of a new STEM Centre, Food Studies rooms and a Year 8 Centre. Strong student to teacher relationships are of upmost importance, which is supported through Mentor teachers in the Junior School and T@SK teachers in the Senior School so that we can achieve excellence together.

Welcome to 2024, a year in which the College will embed a number of strategies and further its work in establishing itself as a school of choice and excellence in the local community. Please use this Handbook as your reference throughout the year as you work in partnership with us to support student learning.

Mr Daniel Dew, College Principal.

Assistant Principals

Ms Lisa Cavey Ms Cavey oversees wellbeing and inclusion as well as camps, events, and staffing.

Mr Adam Slater Mr Slater oversees student engagement, course counselling, pathways, and enrolments.

Ms Samantha Jeacle Ms Jeacle oversees teaching and learning, including assessment, curriculum, and reporting.

Patterson River Secondary College Motto, Purpose and Values

At Patterson River Secondary College our school motto, purpose and values drive everything that we do. You will see them reflected in our College celebrations, our reporting, and in the ways we talk to and teach students about how to be their best at school and in our community. We know that school is challenging sometimes, so we help our students to see that purpose and values can be a source of inspiration and strength in their lives at these times.

ΜΟΤΤΟ

Achieving Excellence Together

PURPOSE

To provide a supportive and productive learning community where students are challenged by high expectations to achieve their personal best.

VALUES

PERSISTENCE	At Patterson River Secondary College we persist. This means we face challenges head on because we see them as opportunities for learning.
EXCELLENCE	At Patterson River Secondary College we achieve excellence. This means we deliver our personal best in all settings, reaching high expectations and attaining great outcomes.
COMMUNITY	At Patterson River Secondary College we are community minded. This means we are willing to contribute and represent our College community in an inclusive, constructive and connected learning environment.
RESPECT	At Patterson River Secondary College we are respectful. This means we are considerate and appreciative of all members of our school community, environment and opportunities.

Each of our four values is also aligned to one of our four houses. These houses are each represented by a colour as well as a prominent Australian figure: Olympic gold medallist and former Australian of the year, Cathy Freeman OAM; Civil engineer and WW1 military commander, General Sir John Monash; writer, teacher and disability advocate, Tilly Aston; and Bunurong arweet (leader), Derrimut.

General Office Information

Office Hours

Monday to Thursday – 8.00am – 4.30pm Friday – 8:00am – 4:00pm Ph: (03) 8770 6700

Sub-school Administration

Junior School: Years 7 to 9 – TBC Senior School: Years 10 to 12 – Alison Stansby

Bell Times

Form Assembly (Years 7-9 only)	8.40am
Period 1	8.45am
Period 2	9.35am
Recess	10.25am
Period 3	10.50am
Period 4	11.40am
Lunch	12.30pm
Period 5	1.20pm
Period 6	2.10pm
Dismissal	3.00pm

Attendance / Arrival / Departures

Absences

Parents can record their child absent online via Compass or by calling the school on (03) 8770 6700 and selecting the relevant sub-school administration. Please notify us as soon as you are able.

Late arrivals

Students arriving after 8.45am (the start of Period 1) must sign in at their relevant sub-school office upon arrival. If there is a legitimate reason for your child being late (e.g. a medical appointment), please call the relevant sub-school administration to inform staff of the reason and expected time of arrival.

Early departure

Students must be collected from the front office if they are picked up prior to the end of the day. Students need to be provided with a note (physical or on attendance note on Compass) if they need to leave class early. Please be aware that it can be time consuming if you arrive at the school to collect your child without prior notice.

Lunch passes

The school has a legal duty of care for all students and as such does not permit students to leave school grounds unless covered by an authorised excursion or event.

Visitors

All visitors to the school must report to the general office and ensure that they sign-in.

Compass

Functions

Our College uses the Compass Student Management tool for a range of functions, including:

- Student and teacher timetables
- Attendance
- Learning Tasks
- Reports
- Excursion approval
- Emailing staff

Parents can access Compass online via the Quick Links tab on our school website (<u>prsc.vic.edu.au</u>) or directly on Compass website (<u>https://prsc-vic.compass.education/</u>). Compass is also available as a downloadable app for your mobile phone. Please see Appendix with instructions on how to use Compass.

Parent logins are shared via the email address you have provided to the school upon enrolment of your child. If you misplace your parent login, please contact the general office. The office staff will arrange for another email to be sent to you with the login information. Parent login details cannot be shared verbally over the phone.

Students login to Compass via their student code (three letters followed by four numbers) and a password given to them by the school when they start.

School Calendar / Events

We use the Compass School Calendar to record all events that students may be involved in or invited to attend throughout the year. You can access the Compass Calendar via this symbol on the Compass website:

Camps and Excursions

All notification of camps and excursions will be via Compass. Parents will need to consent and pay via Compass. If your child has an upcoming event that requires your consent and/or payment, you will see an alert on your home screen. Click the alert and it will take you to the Events page.

Please note that where parent consent and/or payment for a school event is required, this must occur before the day of the scheduled event. We do not accept consent for events on the day of the event or verbally over the phone. If your consent is not given, an alternative learning program will be provided for your child at school.

Medical information and First Aid

In the event that your child falls ill or sustains an injury, they should first inform their teacher and then report to the Front Office. Our College has dedicated first aid staff who will attend to any minor injuries. Should an illness or accident occur, we will make every effort to contact parents/guardians. Please note that students should refrain from using their mobile phones to call home for pick-up.

If your child requires medication during school hours, a medication form will need to be completed at the general office. Please then provide the medication to the general office along with the child's full name, written instructions, and a signature from a parent/guardian. Please also ensure all medical details are updated on our school records in Compass.

Canteen

The 2024 <u>College Canteen menu</u> is included as an appendix to this Handbook and it is also available via Compass. Students can pre-order their lunch before school to avoid the queue at lunch time. Payment options include cash or card. Students cannot use their mobile phones to pay at the canteen as per the statewide mobile phone policy.

Enrolments

Enrolments to our College follow the Department of Education Placement Policy.

For students in Grade 6, enrolments are handled by the primary school, with forms typically distributed to families in April of Grade 6. All students living within our school zone or have a current sibling at the school are guaranteed a place at the College. You can go to the governments <u>Find My School website</u> to see your designated neighbourhood school along with our school zone.

For students in other year levels, families can contact the general office to make an enrolment inquiry.

Exits

Any family looking to exit the College to move to another educational setting should contact the relevant Year Level Leader to inform the school or contact the relevant sub-school administration. An exit form must be completed by a parent and returned to the sub-school administration.

The legal age for leaving school in Victoria is 17, however our school encourages all students to complete their VCE Certificate before leaving school.

In exceptional circumstances, families can apply for exemption. This must be approved by the Principal and Department of Education Regional Director. Typically, exemptions are only granted for students going to TAFE or an apprenticeship and the student is at risk otherwise of disengaging from education. Please contact the senior school office if you wish to talk to someone about your child leaving school.

Transport to and from school

Walking

Students can enter the school via Eel Race Rd or the laneway to Milroy Crescent at the back of the school. The back gate is locked from 9am-3pm each day.

Bike

Our College is surrounded by a large number of bike paths, allowing many students to ride to school on dedicated bike paths. These include bike paths through Seaford Wetlands, Patterson River, Edithvale Wetlands and along the train line. Student bikes can be stored in the bike shed located at the back of the College near the Milroy Crescent entrance before school starts. The bike shed is locked during the school day. Students arriving late by bike are encouraged ask for the bike shed key from the General Office to secure their bicycles in the shed. In the case of an early departure for an appointment, the bike shed key can be collected from the General Office also. It is compulsory for students to wear bicycle helmets while riding to and from school. The bike shed should be accessed from the Milroy Crescent entrance or Driveway 1 at the front of the school.

Car

Parents are able to drop off and pick up students in a number of convenient locations, including front of school, Milroy Crescent, Emma Street and Palm Beach Drive.

When dropping or picking up your child please remember to:

- keep a careful eye out for pedestrians and bike riders
- use the bus bay as a 'kiss and go' of a morning (please park as close to the front of the bus bay as possible)
- avoid parking or completing U-Turns in our neighbours' driveways.

Parking

Visitors are welcome to use car parks in our main car park if available. Visitors are also welcome to park in the bus bay between 9.00am and 2.30pm.

Buses

The College is serviced by a total of seven school buses. These include:

- Ventura (Myki) school runs servicing Belvedere, Carrum Downs, Chelsea Heights/Patterson Lakes, and Chelsea/Bonbeach.
- Crown Private Charter (tickets via office) servicing Edithvale/Chelsea and Sandhurst/Carrum Downs.

Families can view route information and times on our College website.

School Council

Victorian Government Schools have elected councils that assist with the governance of a range of functions, including facilities, finance and certain policies. Elections are held in February each year. Please contact our College Principal if you would like to find out more about joining our school council. Further information can be found by visiting <u>https://www2.education.vic.gov.au/pal/school-council-overview/overview.</u>

Privacy statement

Our school collects and uses student and parent personal information for standard school functions or where permitted by law, as stated in the <u>Schools' privacy policy</u> and the <u>Schools' privacy collection notice</u>.

Our <u>Photographing</u>, <u>Filming and Recording Students Policy</u> describes how we collect and use photographs, video and recordings of students. The policy also explains when parent consent is required and how it can be provided and withdrawn.

Parents may also like to review the guidance we provide on how we use <u>Microsoft 365</u> safely at the school and what they can do to further protect their child's information.

CCTV Cameras

Our school has many CCTV cameras to provide a secure environment. The cameras are not typically located inside classrooms, however, there are some cameras located in some of our facilities used for community hire such as our Performing Arts Centre and Stadium.

CCTV footage can only be viewed by a small number of staff approved by the Principal, and access is limited for official security use. Wider sharing of footage is usually limited to requests by law enforcement or the Department of Education.

Personal property and accidental damage

Patterson River Secondary College understands that staff and/or students may sometimes like to bring items of personal property to school.

The Department of Education does not have insurance for the personal property of staff, students or visitors. Patterson River Secondary College does not take responsibility for items of personal property that are lost, stolen or damaged at school or during school activities. Damage to personal property brought to school is the responsibility of the owner of that property. As such we encourage staff and students not to bring items of value to school or to obtain appropriate insurance for such items.

We understand though that many students will bring a phone to school for use to and from school, along with a laptop. We provide all students with a locker and a secure combination padlock. It is important that students do not share their code with any other students. Locker bays are covered by CCTV cameras.

In addition to these lockers, we provide instrumental music students with a locker for secure storage of their instrument during the day.

Student IT requirements and support

Patterson River Secondary College is a bring your own device (BYOD) school. We expect all students to attend everyday with their laptop charged and ready to use to support their learning. Our IT Department and Year Level Teams support students to access the programs they need for learning on their laptop at school. Additional information on device specifications can be found on our College <u>website</u>.

Section 2 – STUDENT LEARNING

Teaching and Learning at Patterson River Secondary College

Teaching and Learning at Patterson River Secondary College has four interconnected components: Curriculum (what we teach), Pedagogy (how we teach), Assessment (how we know what students have learnt and are ready to learn next) and Reporting (where students are at in their learning).

Curriculum

The curriculum we teach is set by the Victorian Curriculum and Assessment Authority (the VCAA). In Years 7-10 we teach the <u>F-10 Victorian Curriculum</u> and in Years 11 and 12 the <u>Victorian Certificate of Education</u> (including the <u>Victorian Certificate of Education Vocational Major</u> which was previously known as VCAL). We do not teach all of the studies available to students in the senior school. For a detailed run down of each subject available at the College, parents can refer to the different Year Level Handbooks under the 'Learning' Tab of our <u>College website</u>.

If parents want to see what is scheduled to be taught and when, our teachers share their curriculum outlines via Compass. These are visible by clicking on the 'Resources' tab in each subject on your child's Compass profile. These outlines provide a week-by-week guide to the lessons and activities that the class will be doing, along with detail regarding the assessment tasks to be completed for the subject.

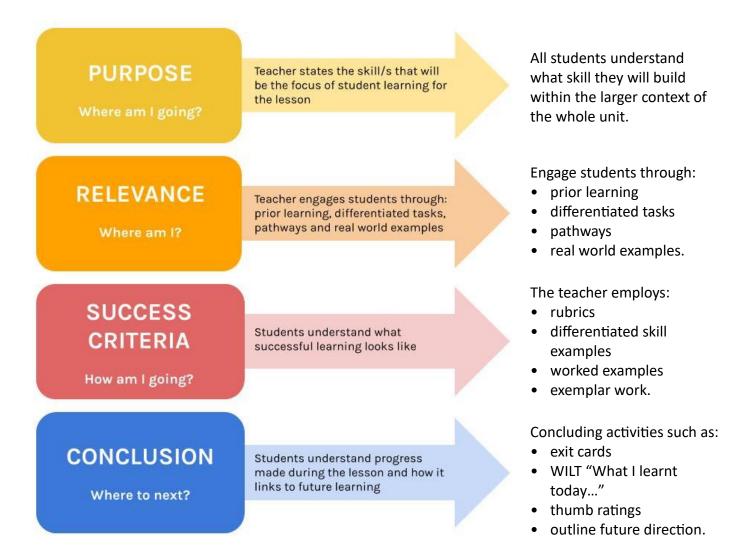

Pedagogy

As stated above 'pedagogy' refers to how we teach the curriculum. The teachers use our instructional model (an agreed structure for each lesson) as well as their subject expertise and what they know about the students in each of their classrooms, to design learning activities to best support student learning. This means that sometimes different activities will happen in different classrooms under the same curriculum. This is OK. The teacher is making decisions on how to do things to respond to the learners in front of them.

PRSC Instructional Model

Our whole school instructional model is used by teachers to structure student learning. It ensures a consistent approach to all learning that occurs at Patterson River Secondary College. This model has been informed by research in educational psychology, including the work of Professor John Hattie and Doctor Robert Marzano. It is designed to support improved student outcomes by ensuring students are aware of the learning that is occurring within their classrooms so they can take personal responsibility for their own success.

The PRSC Instructional Model is captured in the following lesson outline:

Assessment

Assessment is how we can keep track of what students have learnt in terms of both their content knowledge and their skill development. To do this, teachers use three types of assessment task: *Diagnostic, Formative* and *Summative*. Diagnostic assessments help teachers to understand what students already know and can do so they can teach to their point of need. Formative assessments allow students to have feedback on new tasks as they do them. They often take forms similar to summative tasks. Summative tasks are typically given at the end of a unit of learning. A summative task helps the teacher see what has been learnt by the student overall.

Assessment expectations are captured in the College <u>Assessment Policy</u>, which also outlines our Assessment Philosophy, which states that:

At Patterson River Secondary College we use what students say, make, do or write to provide feedback to them on how to improve their skills and develop their knowledge. This means assessment is ongoing, accessible to all students and there is no end point to learning. It is a meaningful process designed to recognise personal learning growth as the measure of achievement in learning.

Parents should note that when students do not submit their learning for feedback and assessment, it becomes very challenging to know how to progress their learning. It is therefore important that families support the school in encouraging students to keep up to date with all Learning Tasks set via Compass.

Learning Tasks in Years 7-10: CATs

All students in Years 7-10, complete Common Assessment Tasks (CATs) for each subject. These tasks can be found on Compass as 'Learning Tasks'. Following the completion of a CAT, the teacher will provide feedback and a judgement of the Victorian Curriculum Level that has been attained. This feedback will focus on the knowledge and skills shown and provide advice on next steps for learning. The results for each CAT are also published in the end of Semester report and are used to determine where the student sits in relation to the <u>Achievement Standards</u> outlined in the F-10 Victorian Curriculum.

Learning Tasks in Year 11 and 12: Outcomes and SACs/SATs

To meet the satisfactory requirements for both the VCE and the VCE VM, students must demonstrate that they have acquired the knowledge and skills to an expected standard outlined in the study design for each subject. In the VCE VM, students will be awarded a Satisfactory Result against these outcomes when they have met them. In the VCE, students will also receive a level of achievement for their School Assessed Coursework (SACs) or School Assessed Tasks (SATs). In Year 12 these levels contribute to the study score (out of 50 for each subject) and the students overall Australian Tertiary Admission Rank (ATAR).

Homework

Teachers will set homework tasks that are designed to be meaningful and progress student learning. In many instances, these will be guided by research that suggests the best type of homework tasks are revision based and encourage students to practise the skills they are learning in school. In addition, parents should support their children to maintain a wide reading routine as well as take the time to finish off any learning tasks they may not have been able to complete in class. In the senior school, teachers may also adopt a flipped learning approach where students are encouraged to read new content before coming to class ready to discuss the new learning.

Redemption

Towards the end of each Semester, parents are alerted to CATs that remain uncompleted and students given a specific deadline for their completion. During the end of semester exam period for senior school, students who have uncompleted CATs may be removed from normal classes in order to complete overdue work. Parents will receive communication via Compass or phone if their child is going to be required to be removed from classes to catch up on work. Teachers may also individually choose to keep students back at recess and lunchtime to support them to complete outstanding work.

Extra help outside of class

Our teachers are always ready to help students if they need a bit of extra support with their learning. Students can request this help face-to-face with their teacher or chat to them via Teams. We encourage students to take agency in their learning by being proactive about help seeking. Parents can support by asking their children if they have asked the teacher for extra help or let them know they do not understand something. In addition, students can access the Library to complete work at lunchtime and get additional help from our Maths Tutors.

Reporting

Parents are provided with an end of Semester report for their child. These reports include detailed information at the start on how to read and understand them and discuss them with children. Parents should note that reports provide a snapshot of where a child is at in their learning at a point in time and should be used to think about next steps and to set goals for future learning. They are not 'the end' of learning.

College Communication Platforms

The College uses a range of platforms to communicate with parents which include Compass, phone, email and newsletters.

Contacting Staff

To contact a staff member, call (03)8770 6700 or send an email via Compass. If you are unsure who to contact in regard to a particular issue, then please refer to the below table or contact your child's relevant sub-school office via our school phone number. Please note, all teaching staff including our Principal Team, Year Level Leaders and Coordinators are involved in meetings on Mondays and Wednesdays between 3.30 and 4.30pm and will be unable to take your call or arrange a meeting at this time.

Parents should expect a response from staff members to a phone message or email within two working days. For urgent matters, please contact the General Office.

Complaints

Any concerns regarding the actions of another student should be reported to the relevant Year Level Leader or Coordinator.

Any concerns regarding the actions of a staff member should be directed to our College Principal. In addition, the Department of Education's complaints policy is <u>available via this link</u>.

Section 3 – STUDENT ENGAGEMENT

Student engagement refers to the supportive strategies we have in place at Patterson River Secondary College to:

- create and maintain a positive and engaging school culture
- create and maintain learning environments that are safe and supportive
- value diversity and promote pro-social behaviour
- promote school attendance.

The information included in this section of the Handbook outlines whole school strategies and school expectations for families. Parents and guardians should note that there may be times when a more individualised approach is needed to support students to reengage with their learning.

School Wide Positive Behaviour

Patterson River Secondary College has high expectations for student behaviours, both in and out of the classroom. We actively teach students the expected behaviours and have processes in place to recognise students for modelling these behaviours. Our behaviours are connected to our values and support our students to know how to demonstrate these values through their actions at school and in the community.

The matrices below have been developed for staff and students to use to identify positive behaviours within the classroom and wider school community. The Classroom Matrix is displayed in every classroom and used as a teaching tool to support students to learn our expected behaviours. The All Settings Matrix is displayed around the school and is a reminder for students of expected behaviours when they are not in the classroom.

School Wide Positive Behaviours IN THE CLASSROOM

	l Persist	l achieve Excellence	l am Community Minded	l am Respectful	Teacher Expectations
Beginning of Class	• Be ready to learn	 Arrive on time Bring all required equipment 	 Politely greet teacher Respect and value the shared space 	 Line up quietly outside and wait for the teacher Enter learning space in an orderly fashion Attentively listen to the purpose and relevance of the lesson 	 Politely greet students Set classroom expectations Explain purpose and relevance of lesson
In the Classroom	 Ask for assistance to clarify learning Approach all tasks with a positive mindset Use problem solving strategies See mistakes as learning opportunities 	 Take pride and give personal best Use technology as instructed by teacher Meet deadlines 	Keep conversations relevant to learning Remain in seat or workspace Positively contribute to the learning outcomes of others Look after equipment and resources	 Put hand up when contributing to class Use appropriate language Attentively listen to and follow teacher instructions Respect others' personal space and belongings 	 Provide engaging lessons Set high expectations for student success
Independent Work	 Complete own work Seek assistance when needed Keep trying when faced with challenge 	 Seek and act on feedback Set and achieve high expectations 	 Maintain focus and stay on task Positively participate in learning 	Put time and thought into tasks Keep volume to the acceptable level Be mindful of impact on others	 Set expectations for volume of the class Actively engage with students to support learning
Collaborative Learning	 Stay on task as a group Challenge one another's ideas 	Work together for shared excellence Hold self and others accountable	Work productively in assigned group Make meaningful contributions Respect the work of other groups	Allow others to share their opinion Contribute to the group's purpose Value collaborative process	Facilitate appropriate tasks and groups Set up learning environment Support groups to further their thinking
End of Class	• Utilise all lesson time available	 Participate in the conclusion of the lesson Take care of work completed 	Leave space, equipment and resources clean and tidy	Wait for teacher dismissal Thank the teacher for the lesson	• Conclude the lesson in a positive way

School Wide Positive Behaviours

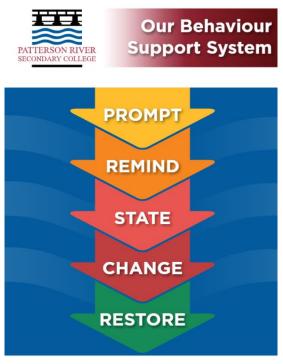

ALL SETTINGS

	I Persist	l achieve Excellence	l am Community Minded	l am Respectful
Our Community To and from school, school events, excursions & camps and functions	 Approach challenging situations with a positive attitude Meet or exceed what is expected of me 	 Demonstrate College values Take advantage of opportunities 	 Represent the College with pride Participate in extra-curricular activities Be considerate of others 	 Use a kind tone of voice Use positive language Be courteous and considerate of others
Use of Technology School computers, personal laptops and devices. Compass and social networking sites	Bring devices ready to use Utilise basic technology skills to support learning	Consider source of information Be safe and responsible online Utilise devices in a mindful way	 Contribute positively to online collaborative spaces Use ICT in an ethical manner 	Use technology at appropriate times Communicate positively Be safe and responsible when using ICT sand equipment
Inside Spaces Library, year level centres and offices	Model good behaviour Ask for help when required	Seek support for learning and apply feedback	 Be courteous to others Be supportive of others 	 Use appropriate language Be mindful of others in the shared space Contribute to maintaining a clean and tidy environment
Outside Spaces Canteen, locker bays, school yard, toilets, buses and bike shed	 Find appropriate solutions to problems Be patient and understanding of others in shared spaces 	• Use areas for their intended purpose	 Build positive relationships Be mindful of others' privacy and property 	 Use appropriate language Put rubbish in the bin Look after equipment and facilities
Active Spaces Oval, stadium, PAC	• Try new activities	• Take advantage of extra- curricular opportunities	 Allow others to participate Work cooperatively together 	 Participate in a safe manner Play fairly Be a positive role model
All locations		rteous and Respect persor ate of others privacy and p		or Have empathy

ACHIEVING EXCELLENCE TOGETHER

Student Behaviour Policy

At times, student behaviour will need to be managed within the classroom. Teachers are asked to follow the Prompt, Remind, State, Change, Restore process when issues with student behaviour arise. The stages are in order of teacher action in the classroom. The same process can be adapted for the yard.

ACHIEVING EXCELLENCE TOGETHER

PROMPT

Prompt refers to a non-verbal cue given to a student to let them know the teacher needs them to reengage with their learning. It could be eye-contact, a gesture or moving closer to the student to let them know their effort is being monitored.

REMIND

A positive reminder is given of the expected behaviour. This can include a reference to the SWPBS matrices.

STATE

The teacher will ask the student to state what is expected of them in terms of their learning and behaviour at that moment and provide feedback to the student on what they have said. The teacher might also ask the student to reflect on whether their behaviour aligns to expectations to support them to get back on track with the work.

CHANGE

If the student has been unable to reengage with their learning, then the teacher may change the task for the student or change the student's location in the classroom. A short break and a conversation outside the classroom may also help the student refocus.

RESTORE

Where behaviour has been problematic enough for a longer exclusion from the classroom, a conversation will occur to restore the relationship between teacher and student moving forward.

Restorative Practice

Restorative practice is an approach to conflict resolution that seeks to retore a relationship that has been damaged because of conflict. Sometimes this occurs between a student and teacher and sometimes between students themselves. Adopting a restorative approach helps us to enact our values of community and respect by exploring the harm that may have been caused acknowledging it and agreeing on ways to move forward more positively. Usually the parties involved will be supported by another member of staff such as a Year Level Leader, Assistant Principal or the Principal, but teachers may also rely on restorative techniques when using the restore phase of our behaviour support system above.

Bullying and Social Media

Incidents of bullying are thankfully few at Patterson River Secondary College. When they do occur, we take them very seriously with the goal of helping all students feel safe at school. Restorative processes may be used to help students move forward respectfully together when at school. In addition, our curriculum includes explicit teaching of social skills, including when interacting online with peers on social media. Parents can help by reinforcing online safety and appropriate behaviours at home and enforcing screen free hours at bedtime.

Attendance

For students to feel connected at school and confident in their learning, it is important that they attend school every day unless they are unwell. If you find that you are struggling to get your child to school, please let the relevant Year Level Leader know early so we can support your child. Missing one day a week of school is the equivalent of more than a whole year of missed learning by Year 12. Over time poor attendance can negatively impact your child's learning outcomes and opportunities post-secondary school if not addressed.

Family Holidays

Extended family holidays require advanced notice and approval. Please contact the relevant sub-school administration for the form to complete. This enables the school to ensure that your child will not be placed at risk of meeting course requirements. It also supports teachers to have the time to be able to put together a study plan for your child. Please note that there are attendance requirements in the VCE and VCE VM. As such, we do not recommend taking children on longer holidays during these final years of schooling.

Lunchtime Activities and Special Events Days

Another way that we aim to foster our value of community, we run a number of lunchtime activities and clubs for students and provide spaces beyond just the yard for them to access. These include the Library and Stadium (students must bring a change of shoes to play on the courts), as well as a changing roster of activities including Art Club, Chess Club, Dance extension, and Band rehearsal.

We also have several student-led fundraising events throughout the year that include activities and competitions for students to get involved in. These will be announced via Compass for families and Teams for students.

Year Level Teams

All students at Patterson River Secondary College are supported by a cohort team. At Years 7-9 students also have a Mentor Teacher that they see every day who is intended to be their first port of call should they need help or guidance with anything school related. For your reference, here are the Year Level Teams for 2024. This team is led by Mr Slater (Assistant Principal: Student Operations).

Junior School

Mrs Kristy Ackland Year 7 Leader

Ms Chris Kloas Year 8 Leader

Ms Kate Adams Year 9 Leader

Senior School

Mr David Byrnes Year 7 Coordinator

Mr Tony Pecur Year 8 Coordinator

Mr Simon Andriessen Year 9 Coordinator

Ms Anya McKenzie Year 7 Coordinator

Ms Zoe Stokes Year 8 Coordinator

Mr Andrew Trende Year 9 Coordinator

Mr Leigh O'Brien Year 10 Leader

Mrs Lyndal Ford VCE Leader

Mr Matt Hayes Year 10 Coordinator

Mr Jay Cashmore VCE VM Leader

Ms Mollie Riddle Year 11 Coordinator

Ms Melissa Stokes VCE VM Coordinator

Mrs Rachel Crowe Year 12 Coordinator

Ms Alison Stansby Senior School Admin

Patterson River SC Uniform

There are a number of studies that show that students that wear their uniform well are more connected to their school, their learning and have greater self-respect. As such, the wearing of the College uniform is compulsory for all students and applies during school hours, and while travelling to and from school. Full uniform must be worn on all excursions and school activities unless otherwise stipulated. The College has a gender-neutral uniform which enables an inclusive and supportive College community.

The College requires all students to wear the correct uniform as outlined below:

As the College has now transitioned to the new uniform, the following items are **no longer acceptable**:

- College polo shirt navy or white
- Elastic waisted pants / shorts
- Maroon PE polo shirt (for PE only)
- Old maroon/navy College shell jacket.

Please refer to Appendix 2 for a more detailed outline of our uniform expectations.

Student Mobile Phone Use

In accordance with the Department's Mobile Phone Policy issued by the Minister for Education, personal mobile phones must not be used at Patterson River Secondary College during school hours, including lunchtime and recess, unless an exception has been granted (in accordance with our bell times, that means between the hours of 8.40am and 3.00pm).

Exemptions

There are a very limited number of students who require a mobile device for medical reasons (e.g. to link blood glucose levels to smartphone). Parents can contact Adam Slater (Assistant Principal) to request an exemption.

Application for exemption to the policy must be made in writing with supporting medical documentation. In the instance where a student has been granted an exemption, the student must use their mobile phone for the purpose for which the exception was granted, and in a safe, ethical and responsible manner.

Enforcement

Students who use their personal mobile phones inappropriately will have their phone confiscated for parent collection. If your child has their phone confiscated, the phone will be placed into a safe for your collection at the front office. You will receive a Compass notification when the phone is confiscated informing you that you need to come and collect the phone.

Camps, excursions and extracurricular activities

Patterson River Secondary College will provide students and their parents and carers with information about items that can or cannot be brought to camps, excursions, special activities and events, including personal mobile phones.

Exclusions

This policy does not apply to:

- out-of-school-hours events
- travelling to and from school
- students undertaking workplace learning activities, e.g. work experience
- students who are undertaking VET.

Section 4 – STUDENT WELLBEING

Student Wellbeing

The Student Wellbeing Team at Patterson River Secondary College takes a holistic approach to supporting student wellbeing and know that 'wellbeing' encompasses all aspects of a student's life, including their physical, social, emotional, and mental state. A student's wellbeing is not only fundamental to their health, but overall happiness and the Student Wellbeing team recognise this can positively influence student learning outcomes. The team work to remove barriers faced by students as well as support students to build their capacity, skills, and resilience so that they can engage in their learning and achieve their lifelong goals.

The Student Wellbeing Team is overseen by Kelly Maxwell (Wellbeing Team Leader) with the support of Lisa Cavey (Assistant Principal: School Operations). The Patterson River Secondary College Wellbeing Team is centrally located in the College and easily accessible for students.

College Wellbeing Team

Kelly Maxwell Wellbeing Team Leader Kelly coordinates the delivery of student wellbeing support across the College. She is responsible for the day-to-day functioning of the Wellbeing Team.

June Wheel Adolescent School Nurse June is placed by the Department of Education to work collaboratively with the school to promote student health and wellbeing and (by consequence) student learning outcomes.

Wellbeing referral process

Generally, mentor teachers, in consultation with Year Level Leaders or Coordinators make wellbeing referrals for students they are concerned about or those that have expressed they might need support. This often happens after a conversation with parents and/or students.

Doctors in Secondary Schools Program

A General Practitioner is based at the school and able to see students for appointments on Mondays from 10am to 2pm. All students are able to make an appointment to see the doctor. Visits are confidential. Appointments during class time will show on Compass as 'Other Educational' and will be visible to parents. Consultation appointments are 20 minutes in length. Students and parents can request an appointment by speaking to the relevant Year Level Leader or Lisa Cavey (Assistant Principal).

Families can read more information on the Doctors in Secondary Schools initiative <u>here</u> or watch a <u>video</u> <u>here</u>.

Section 5 – INCLUSION AND OTHER SUPPORT PROGRAMS

Disability Inclusion

Disability Inclusion is an important part of Patterson River Secondary College. The College currently supports over 50 students funded by the DI program and another 120 students participate in our well-established Learning Support program.

Students who participate in Learning Support have been assessed as reading two years below their expected level. Students who participate in Learning Support do so in place of learning German for Year 7 and 8 and also have the opportunity to participate in Lit Plus (a literacy based elective) in Year 9.

Learning Support provides targeted literacy interventions for students with low literacy, and further targeted support for students with diagnosed language disorders. The recommendations for a student to participate in Learning Support come from their primary school initially as a part of the transition process, but also through parent and teacher referrals.

If you think your child may require extra support and qualify for Learning Support, please speak to the relevant Year Level Leader or Coordinator. If your student has more complex needs, please speak to either Jennifer Redman or Allira Lang for extra information or further investigation.

Disability Inclusion Team

Allira Lang Inclusive Education Leader

Karyn Winterton Inclusive Pathways Coordinator (Years 7-9)

Jennifer Redman Student Intervention Learning Specialist

Yolanta Chadwick Inclusive Pathways Coordinator (Years 10-12)
